Dear Mr. McCarthy:

Thank you for your faxed letter dated November 29, 2000. Please do pay the additional search fees for this case in advance of the December 21, 2000 deadline. Also, please be aware that we would like to file a Chapter II demand in advance of February 28, 2001 to delay the necessity of entering national phase. Please confirm that you will get started on the Chapter II papers. I believe that Mr. Martin Caldwell and Mr. Christopher Cummins are the two inventors. Thank you very much for your attention to this matter. Please acknowledge receipt of our instructions by return-facsimile.
